In pursuance of the provisions of Part VII of the Bye-Laws, the Board continued to consider policies and control mechanism for mandatory continuing professional development and lifelong learning to help members enhance not only their professional competence but also their social status as professional surveyors. This is to require all professional and technical members to engage themselves in a continuous process of sharpening their expertise and broadening their specialist knowledge base. It is only with consistently high and ever-improving professional competence of its members that the Institute may strengthen its strategic position in the property industry, for the long-term sustainability of the surveying profession in Hong Kong. The Guidance Notes for Mandatory CPD were published and issued to all professional and technical members in June 2007. A Briefing Session was also held on 13 June 2007. To facilitate members in their pursuit of CPD, the Board continued to seek improvements in the logging-in of CPD profile records and booking of CPD activities on-line, as well as other relevant services.

In 2007, 106 CPD events were organised by the various Divisions and the Young Surveyors Group (YSG), which reflected a 33% increase from 80 of the previous year. Apart from the 7 institutional events, YSG continued to be the principal CPD organiser providing 33 events. The ranking order of the other Divisions was QSD (22), BSD (19), GPD (12), LSD (8), PFMD (6) and PDD (3). Divisions were also exploring the feasibility of converting CPD events into on-line CPD packages for future reference and usage.

To promote members' professional and social status, the Board presented to General Council in November 2007 the motion to amend the Constitution to change the designation of "professional surveyor" to "certified professional surveyor". After General Council's approval, it will be put to vote by members at large at an EGM in the coming session.
