

Sr Dr Lesly Lam
Sports and Recreation Committee Chairman

For members who are interested in participating in various sports teams and interest groups managed by the Sports and Recreation Committee, please contact the Chairman or Donna YU at cpd@hkis.org.hk/2526 3679 to register.

HKIS Dragon Boat Team – See You at Stanley Beach on Monday, 9 June 2016!

Team Captains: Young Surveyors Group

The HKIS Dragon Boat Team is making excellent progress in its training sessions every Sunday until the Tuen Ng Festival at Stanley Beach. We expect the men's and ladies' squads to achieve superb results during the Stanley International Dragonboat Championship, which is one of the largest international dragon boat races held in Hong Kong.

All members/families/friends are welcome to come watch the race and visit the HKIS booth.

Furthermore, the HKIS was honoured to be the surveying consultant for those dragonboat events again. Along with a professional race time measurements expert, it surveyed and demarcated the race course offshore, with many HKIS members serving as witnesses.

The recruitment of players is always open to all qualified members, probationers, and student members. We look forward to seeing you.

QSD CPD Sub-Committee Members

Visit to Shatin Sewage Treatment Works (STW)

Shatin STW is the largest secondary sewage treatment works in Hong Kong, serving nearly a million people. However, due to Hong Kong's limited land supply, the project, "Investigation and Design Works for Relocating Shatin Sewage Treatment Works to Caverns," was launched to release the land in the future for other uses.

A visit to Shatin STW with more than 20 members was held on 15 April. At the start of the tour, members attended a briefing session on the operations of a sewage treatment plant before being led by representatives of the Drainage Services Department (DSD), Mr Eric Ho and Ms Allen Leung, to visit the "Primary Sedimentation and Aeration Tanks," "Final Sedimentation," and "Water Reclamation Centre". Although it was a rainy day, members were very patient in listening to the briefings at each section. As a result, members gained a better understanding of the mechanism of STW.

The QSD thanks Mr Ho and Ms Leung for their time and efforts in arranging the visit and providing this valuable chance for members to expand their knowledge of STW. They also informed us that an open day for STW will be held in mid-October 2016, so members who are interested in this event can check for further details on the DSD's website.

1. Group photo
2. Presentation by DSD's representative
3. Visiting the Water Reclamation Centre
4. Visiting the Primary Sedimentation and Aeration Tanks

Visit to Wood Products Factory in Shenzhen

The QSD CPD Sub-Committee organised a site visit to a wood products factory in Shenzhen operated by Guang Xia Yong Gu Wooden (Shenzhen) Co, Ltd (hereafter GXYG) on 23 April. The factory is located in Kui Chong Zhen, Xi Chong, Sha Tou Gong Ye Qu, Shenzhen. This was the fourth site visit (and 21st CPD event) for the QSD during the 2015-2016 term.

GXYG has an area of 20,000 square meters. It has established various production lines that are equipped with manufacturing systems and facilities for wood products.

The visit began in the early morning and attracted a full house of over 40 members, who joined to learn about the production process of wooden doors and other products. The welcome speech and briefing were given by Mr Simon Choi, Contract Director of GXYG. We then divided into three groups and visited different sections of the production lines for GXYG's products including the storing and keeping of raw materials, cutting of timber, erection of hollow and solid core doors, laying of wood veneers, paint application, covering of plastic protection sheets, and so forth.

Right after the tour, a comprehensive talk and closing speech were presented by Mr Choi, who also provided some technical and market information on GXYG's products.

Throughout this wonderful visit, the attendees enjoyed the event very much and gained a lot of knowledge.

1. Speech by Mr Simon Choi of GXYG
2. Members attend the briefing session
3. At the wood products factory
4. Group photo and exchange of souvenirs between Sr Billy So of the QSD and Mr K N Chan and Mr Simon Choi of GXYG
