The following are some of the milestone events for 2010/11:

- 1) The membership statistics for last year shows a general increase in Professional Surveyors (Fellow and Members) by 7.89% compare to last year (4.07%) with a total corporate member of 6,236 (inclusive of all Multi-Division Members) against 5,780 of last year.
- 2) Increase in the number of Professional Surveyors was led by the QS Division which recorded 255 more members (a 11.08% increase) and by the GP division with an increase of 131 more members (a 8.06% increase) followed closely by LS Division's increase of 13 members (a 6.70% increase) in last year. The LS Division experienced loss of 3 Technical Associates but still shares the largest number of Technical Associates (39 no.) among all the divisions representing approximately 72.22% of the total Technical Associates of the Institute. The number of Technical Associates is actually decreasing -3.57% compared to last year.
- 3) The Property and Facility Management Division, since its formation in year 2005, has grown into a division with 731 Professional Surveyors. An increase in members of 16 (approximately 2.17%) compare to 18 (approximately 2.11%) as observed in last year. The growth is actually decreasing in terms of the number of additional members joining this division.
- 4) The Planning Division has continued with its low growth rate with a total increase in one fellow and one member though the percentage increase is at a modest pace of 2.78% for member due to the small membership base for this division and highest in growth rate of fellow at 5.56% among all divisions.
- 5) It should be caution that the number of Probationer has decreased by a number of 189 from 2,355 to 2,166 this year representing a decrease of 8.73% compare to an increase of 5.18% of last year. This trend is shared by the LS (-5.77%), GP (-6.71%), BS (-7.31%) and QS (-11.35%) divisions, whereas the PFM (+12%) division records increase in intake.
- 6) The number of student members appears to be steady with the current figure at 277 compared to 289 of last year. However, the long term trend is a slow decrease of 10 student members on average every year in the last two years.
- 7) The grade of Technical Associates has been merged to Associate Members since the EGM initiated by the Board of Education which introduced a change in the APC system. With the introduction of

Associate Member, Technical Associates and Probationer are given more choice in representing their achievement toward gaining full membership with the Institute. With the introduction of the Associate Member grade, the institute has provided additional avenue to potential prospective members with different work and academic background to join the institute.

- 8) The BOM has convened six meetings to process membership applications and to discuss membership related matters in last year.

During last year, BOM members have discussed matters relating to membership issues and where appropriate, raised for decisions by the General Council. Matters raised for GC discussions, among other issues, include a proposal for Direct Membership for which BOM will continue its effort in 2012 and the possible invitation of potential candidates to join the Associate Member grade which was eventually not approved by the GC.

This is my sixth term serving the Board of Membership as Chairman and a new Chairman will be elected to provide a refreshed view and impetus in pushing ahead the membership matters which have over the years involved more and more considerations global in nature with long term strategic implications to the Institute. I would like to thank Ms. Kiny Hung, the Secretary, who has assisted in detail to the need of the Board members, the continued support of the Deputy Chairman Mr. T N Wong and, last but not least, the Board members.
