### Practical Task 2023 and Final Assessment

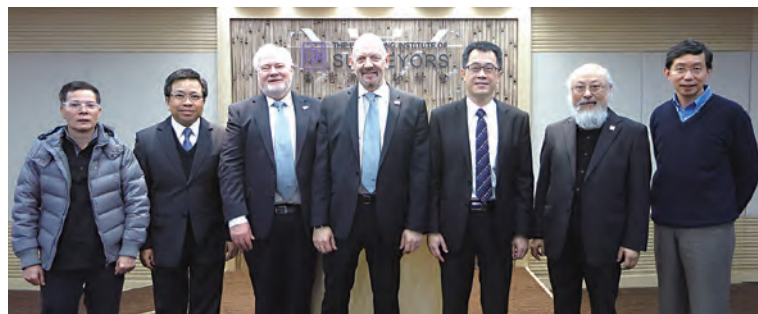

As mentioned in the last Chairman's Message, the coming Practical Task will be held from 17-20 May 2023. The DEC is working on the examination venue's logistics.

Through the continuous efforts of the DEC last year, the BSD successfully shortened the queue for the Final Assessment interviews, while Probationers no longer have to wait so long for results after submitting their FA applications.

## CABE Courtesy Visit to the HKIS on 14 February 2023

On 14 February, the President (Mr Joseph Birt), Chief Executive (Dr Gavin Dunn), and Hong Kong Chairman (Mr Kyran Sze) of the Chartered Association of Building Engineers (CABE) conducted a courtesy visit to the HKIS. HKIS President Sr Paul Wong, Sr Prof Barnabas Chung, and I hosted the delegation. The visit allowed the two organisations to reconnect with each other to learn about each other's latest developments after the long separation caused by Covid-19.

The history of CABE and the BSD goes back to 2002, when ABE (CABE's predecessor) started offering BSD members reciprocal membership.

During the reception, the HKIS was pleased to hear CABE's confirmation that it still honoured this offer. Hence, those BS Corporate Members who wish to join CABE as chartered building engineers and further pursue membership in its Engineering Council can obtain more details from the link below.

Following the meeting, after being invited by CABE, I attended its APAC Conference 2023 on 17 February on behalf of the HKIS.

### CPD

On 4 February, the BSD conducted a site visit to the Kwong Wah Hospital redevelopment. This was the second visit to the site arranged as a CPD in the Health Care series. It attracted 25 members to learn more about this remarkable project.

The last talk in this series will be held on 6 March 2023 on the topic, "Good Facility Management for Hospitals," delivered by Sr Daniel LAM.
