

## General Practice Division

Sr Alnwick Chan GPD Council Chairman

## GPD Visit to the Guangdong Greater Bay Area (產業測量組廣東省大灣區考察團)

Hong Kongers are all relieved to be finally freed from the city's social distancing measures and Covid-19 restrictions. As a result, the GPD has organised a professional trip to the Greater Bay Area from 6-8 April 2023.

During the trip, members will learn about the latest developments in China's new-energy vehicles and biotechnology. The following locations shall form part of the itinerary:

- Qianhai Shenzhen-Hong Kong Modern Service Industry Cooperation Zone (深圳市前海深港現代服務業合作區)
- Shenzhen International Innovation Valley (深圳國際創新谷)
- Taikoo Hui (廣州太古匯)

Apart from these places, GPD delegates will also get the chance to meet representatives from the following organisations:

- Shenzhen Institute of Real Estate Appraisers (深圳市不動產估價協會)
- Department of Housing and Urban Rural Development of Guangdong Province (廣東省住房和城鄉建設廳)

While the aforementioned itinerary is tentative and subject to change, the professional three-day, two-night trip promises to be a wonderful learning experience for participants.

The GPD expects a turnout of around 30 surveyors, both new and seasoned. Make sure to register as soon as possible and don't forget to double-check the validity of your travel documents.

## GPD Annual Conference 2023

The GPD Annual Conference 2023 is anticipated to occur in August 2023. Our GPD conferences are traditionally centered on land and property development in HKSAR, with speakers typically being elites in the real estate sector and government representatives from the Development Bureau, Lands Department, Planning Department and Highways Department, among other departments.

This year's format, however, will be modified to focus on young professionals and surveyors to allow them to express their vision and aspirations for Hong Kong. It's critical to embrace the views of the younger generation if HKIS and Hong Kong are to flourish sustainably moving forward.

"Our City, Our Vision and Our Built Environment for The Future Generation to Come" is the proposed name of the conference for the time being. Sr Jeffrey Wong was nominated to lead the organising committee.
