Sr Wilson Ko YSG Committee Chairman

As the pandemic winds down and things return to normal, YSG is organising many events for members to enjoy together.

Social Media

YSG finally launched its Instagram page on 11 February. Along with its Facebook page, we want to use social media to enhance our interactions with members. To celebrate the Instagram account launch, we will conduct a giveaway campaign to allow more members to know about the account and boost its followers. Thank you for all the support, our YSG account has nearly 300 followers this month.

YSG hopes that in this connected era, the bonds between members can be maintained not only in person, but also online. Follow YSG Instagram page now if you have not done so already!

Joint Charity Movie Event with LEAPS

On 4 March 2023, YSG will join fellow professional institutes' young groups – the HKIA, HKIP, and HKILA – to support a charity event organised by LEAPS for the movie, The Wandering Earth 2, to allow students from grassroots families to watch it. A limited number of free tickets has also been allocated to YSG to distribute to its members to join this meaningful event.
